Miss Piercy will meet her classes at the Moore Wednesday.

This is the season of shooting and drowning accidents.

Mr. Smith drove a bunch of range mares and colts to Caldwell this week.

C. E. Belding came down from Portland on business Tuesday.

Deputy Sheriff McCord came over from Baker Monday to escort Hick Lockett to that place where he will have a hearing on a cattle stealing charge. The complaining witness is John Thompson.

## Local News

"A woman's idea of a good business," declared Old Bill Misgivens the other day, "is to donate \$40 worth of grub and \$50 worth of work for a church dinner that brings in \$27.50 worth of cash. If they do that well the event is a grand success."

H. H. Wagoner left Friday for the bedside of his dying father in Loup City, Nebraska.

Did you ever think what your ad in the newspaper is doing for you? When you close your store in the evening and go home to your family and reside, not thinking about your business at all, then it is that the paper is being pored over in hundreds of homes from which your trade is drawn. And here is your ad working silently, but surely, and if you have taken the pains to make it attractive its work will be all the more attractive. This is repeated over again and again, and is no doubt what inspired some writer to call a newspaper advertising "silent drummer."

At the Congregational Church next Sunday morning, July 8th there will be communion services, the administering of the Sacrament of baptism, and the reception of members. You are invited to worship with us. Philip Koenig.

Mrs. Bourke and her granddaughter, Lois Prinzing left for a visit to Portland Monday.

Mrs. Fairchild and daughter and Mrs. Beeson and daughter left for Walla Walla on a visit Monday.

Most of the entries in the human race, are also-rans. The man who doesn't get all that's coming to him is generally lucky.

One can't help sympathizing with the Ohio husband who, while admitting that his missing wife may have drowned, "fears" someone has hidden her.

### Fourth of July Rates

Via Oregon Short Line. Very low special rates between local O. S. L. points and to certain points on connecting lines, with certain limitations. Tickets on sale July 3rd and 4th; limited to July 7th. See agents for rates and further particulars.

### ATTRACTIONS AT DREAMLAND

Friday, 4th, special reels afternoon and evening.

Saturday, afternoon and evening, special 3 reels, Thrilling Detective Story.

Tuesday, July 8, Capture of the Dalton Gang.

### RAINS OF PAST WEEK HAVE BEEN GOOD FOR DRY FARMS

The rains last week and the fore part of this are considered very unusual for this section at this time of year and it is hard to estimate the amount of damage and the benefits caused by it.

Dick Dearmond will lose about a thousand dollars worth of hay and there are many others, especially in the section between here and Boise who are heavy losers.

The farmers on the dry lands report that the rains have been of great benefit to them and many irrigated ranches have had grain crops benefited. On the ranges the benefit will be very great. Cherries and berries have suffered, but some other fruit crops have been helped.

## MR. THARP HAS NEW VARIETY OF RED RASPBERRIES

H. J. Tharp, who lives on Whitely bottom, was in the city this week with a new variety of raspberry, which is a great improvement over the ordinary ones. Mr. Tharp got the first plant from Mr. Sherman, whose brother obtained it by budding. For the twelve years that Mr. Sherman had it, no shoots were thrown off and no fruit produced. Mr. Tharp set it out and it has been doing well. The fruit began to ripen this year about the 20th of June and the plants will bear continuously until the frosts come in the fall. The fruit is larger than usually found and has more of an acid taste, resembling the wild berry very much in flavor. Mr. Tharp brought a few sprouts to the Argus office and it has the appearance of being a very prolific bearer.

## STRAWBERRS CROP HAS BEEN PROFITABLE THIS YEAR

The strawberry season is about over and for the most part the growers realized good prices for their fruit.

It is estimated that the crop was about one third short, on account of the rains. There was no trouble in finding a market this season, when the berries were up to the standard and fit to ship. The crop here is about two weeks ahead of the Utah and Twin Falls sections and the market was excellent until they got into the game, then the price went down.

Mr. Boyer handled most of those shipped out and thinks there will be no trouble in selling fruit when it is properly packed. The growers must be particular in picking and packing the fruit so there can be no question about it all being up to standard as a bad box would discredit the whole shipment and stop the demand.

An honest pack is insisted on by all dealers and consumers and there are many growers who realize this and the others will find no market for their stuff.

## LEAVES PURSE WITH SUM OF MONEY IN A CHERRY TREE

One of our citizens lost quite a sum of money last week and found it next day hanging in a cherry tree, somewhat damp, having been in the rain over night, but it was all there.

When the money was missed, the owner remembered exactly where it had been placed and went to get it, but it was not there, then followed a wild scramble and hunt for the missing money. Almost every imaginable place was looked over and finally it was suggested that the money might have been laid down while they were enjoying some cherries in a tree. Investigation revealed the lost dollars.

It certainly speaks well for the cherries grown in Ontario when they will make a person forget their money.

### ELKS PLAN TROUT FEAST

A Sunday Late in July to See High Jinks on Mountain Stream

Eugene.—The Elks of Eugene will invite all the Elks of the state of Oregon to this city for a huge picnic and high jinks, either on the banks of the Mohawk river or the McKenzie river near the city, on Sunday, July 29 or July 27. It is planned to run excursion trains here on that day, from north and south, and to take the "Bills" out to the river in automobiles and feed them on fried trout. Committees are already at work upon the details of the monster picnic. Fishing parties will whip the several streams nearby for two days previous to the celebration and catch enough trout for all that will be expected to come. The members of the local lodge have held an annual jinks on the Mohawk for several years past, but this time they are going to invite their brothers from all parts of Oregon to participate in the day's pleasures.

Salmon Prices Are Fixed  
Astoria.—Selling prices of the 1913 pack of Columbia river canned salmon have been fixed as follows, per dozen cans: Tails, \$1.95; flats, \$2.00; half pounds, \$1.25; ovals, \$2.55.

These prices were declared warranted by the fact that the run thus far has not been large and there is a strong demand for the Columbia river product, which is in a class by itself.

## The Ontario Ice & Cold Storage Co.

is now ready for business.

Pure Artesian Water Ice at the Price of Natural Ice

*This is a Home Industry*  
Phone 18

A Complete Line of  
**Wedding Stationery**
